

E - Migrator

Migrate from **Zoom** to **Teams** fast and easy

The task of migrating from Zoom to Microsoft Teams requires control over all users' calendar, recurrent meetings and the Zoom internal calendar; only then a migration can start taking place in a completely manual way.

Benefits of Migrating to Teams

- No additional costs over Office 365 services
- Seamless integration with Outlook, SharePoint, Planner and all of Microsoft's online services in the M365 Cloud.
- Thousands of third-party app integrations for a unique-console user experience
- Centralized console for online collaboration
- Built-in services: screen sharing, videocalls, custom backgrounds

E-Migrator benefits

- Fastest Return of Investment as the total migration happens within hours
- Automated migration service, avoiding manual tracking of meetings scheduled.
- Integration with both Outlook and Zoom calendars to ensure full migration
- Zoom disablement at the end of migration to avoid additional costs
- Advanced analytics via **E-Visor** for 2 months
